

Safety Data Sheet

Date Prepared: 12/20/2021
Supersedes: 06/24/2021

Section 1 Identification

Product Identifier: PM for Bleach

Product Use: Used in various industrial applications.

Restricted Uses: Avoid use in food and food products.

Company Identification: Delux Cleaning Supply Inc. dba
Address: 2313 Cold Springs Road
Ft. Worth, Texas 76106 USA
www.powerwash.com
Phone: 800-433-2113 (for product information)

For chemical emergency, call CHEMTEL (#MIS0006628) day or night. Within USA and Canada, call 1-800-255-3924.

Section 2 Hazard(s) Identification

Classification:

Serious eye damage/eye irritation	Category 2B
Skin corrosion/irritation	Category 2
Acute toxicity - oral	Category 4

Signal Word: Warning!

Hazard Statements: Causes serious eye irritation. Causes skin irritation. Harmful if swallowed.

Precautionary Statements: Keep container tightly closed. Do not eat, drink, or smoke while using this product. Wash thoroughly with soap and water after handling. Wear eye protection, face protection, protective clothing, and protective gloves. Dispose of contents and container in accordance with local, state, and federal regulations.

Label Pictograms:

Section 3 **Composition/Information on Ingredients**

Contains Hazardous or Regulated Components

Chemical Name	Percentage	CAS Number	EC Number
Proprietary mixture	10 - 90%	Proprietary	Proprietary

*Some items on this SDS may be designated as proprietary and/or trade secrets (TS). The exact % concentration of composition has been withheld as a trade secret in accordance with paragraph (j) of the OSHA HCS 1910.1200.

Section 4 **First-Aid Measures**

Eyes: Immediately flush eyes thoroughly with water. Remove contact lenses. Continue flushing eyes for at least 20 minutes, including under lids. Seek immediate medical attention.

Skin: In case of contact, immediately wash with plenty of soap and water for at least 20 minutes. Seek medical attention if irritation or redness occurs. Remove contaminated clothing and shoes. Clean contaminated clothing and shoes before reuse.

Ingestion: Contact poison control (USA 1-800-222-1222). Do not induce vomiting without medical advice. If the individual is fully conscious, rinse mouth with water. Do not give anything by mouth to an unconscious person. Seek immediate medical attention. Do not leave individual unattended. Vomiting may occur spontaneously. To prevent aspiration of swallowed product, lay individual on side with head lower than waist.

Inhalation: If respiratory irritation or distress occurs, remove individual to fresh air. Seek medical attention if respiratory irritation or distress continues. If breathing is difficult, give oxygen. If breathing has ceased, apply artificial respiration using oxygen and a suitable mechanical device such as a bag and a mask.

Notes to Physician: All treatments should be based on observed signs and symptoms of distress in the patient. Consideration should be given to the possibility that overexposure to materials other than this product may have occurred.

Section 5 **Firefighting Measures**

Flash Point: Not Available

Autoignition Temperature: Not available

Hazardous Combustion Products: Burning or thermal decomposition after evaporation of water may create carbon and nitrogen oxides, unburned hydrocarbons, or other toxic fumes.

Unusual Fire & Explosion Hazards: No data available

Extinguishing Media: Use dry chemical, CO₂, foam, and/or water fog.

Special Firefighting Procedures: Use full fire-bunker assembly with SCBA and water spray for exposure protection. Do not use a solid water stream, as it may scatter and spread fire. See **Section 16** for NFPA 704 information.

Section 6 **Accidental Release Measures**

Wear appropriate protective gear for the situation. See **Personal Protection** information in **Section 8**.

Containment of Spill: Evacuate and isolate the area. Ventilate the area if it can be done safely. Keep upwind and uphill from the spilled material. Dike or retain water used for dilution or firefighting for later disposal. Follow disposal procedure described in **Section 13**. Prevent entry into waterways, sewer, basements, or confined areas. Product should not be released into the environment.

Cleanup and Disposal of Spill: Vacuum or pump spills and collected material into an appropriate storage container. For spill residue, use absorbent materials such as dry earth, sand, or other compatible material. If diluting with water, collect water runoff for proper disposal per federal and state regulations.

Environmental and Regulatory Reporting: Runoff from fire control or dilution water may cause pollution. Spills may be reportable to the National Response Center (1-800-424-8802) and to state and/or local agencies.

Section 7 **Handling and Storage**

Minimum/Maximum Storage Temperature: Store at temperatures of 35°F to 120°F (4°C to 49°C).

Handling: Use appropriate safety equipment. Empty containers are hazardous. Avoid inhalation or contact with eyes, skin, or clothing. Avoid prolonged or repeated exposure. Use with adequate ventilation. Wash contaminated clothing before reuse.

Storage: Store in tightly closed containers in area that is dry, well-ventilated, and out of direct sunlight. Store the product in original container or appropriate end-use container. Keep from freezing. Do not store with incompatible materials (see **Section 10**).

Section 8 **Exposure Controls/Personal Protection**

Exposure Guidelines: Not available

Engineering Controls: The following traditional exposure techniques may be used to effectively minimize employee exposures:

Eye protection: When engaged in activities where product could contact the eye, wear safety glasses with side shields, goggles, or face shield.

Skin protection: Skin contact should be minimized through use of butyl rubber, nitrile, or other chemical resistant material and suitable long-sleeved chemical splash clothing. Protective clothing must be durable and permeation resistant.

Respiratory protection: Use local or general ventilation to control exposures below applicable exposure limits. NIOSH- or MSHA-approved organic vapor-filter respirators should be used in the context of a respiratory protection program that meets the requirements of the OSHA Respiratory Protection Standard [29 CFR 1910.134]. Respirator or filter cartridge selection should be based on American National Standards Institute (ANSI) Z88.2-2015: Practices for Respiratory Protection.

Work Practice Controls: Personal hygiene is an important exposure-control measure. The following general measures should be taken when working with or handling this material:

Hygiene: Wash hands and face carefully before eating, drinking, using tobacco, applying cosmetics, or using the toilet. Do not store or consume foods, beverages, or tobacco products in areas where this material is stored.

Exposure control: Wash exposed skin promptly to remove accidental splashes or contact with this material.

Section 9 Physical and Chemical Properties

Information on Basic Physical and Chemical Properties

Physical state:	Liquid
Appearance:	Blue
Odor:	Slight odor
Odor threshold:	Not available

<u>Property</u>	<u>Values (Method)</u>
Freezing point:	Not available
Boiling point:	212°F (100°C)
Flash point:	Not available
Evaporation rate:	< 1 (Ether = 1)
Flammability (solid/gas):	Not applicable
Vapor pressure:	Not available
Vapor density:	0.012
Specific gravity (H ₂ O=1):	1.03
Solubility in water:	Soluble
Partition coefficient (n-octanol/water):	Not available
Decomposition temp.:	Not available
pH:	6.5 - 7.5
Autoignition temp.:	Not available
Viscosity:	Not available
Lower/upper explosive limits:	Not applicable
Crystallization temp.:	Not available
VOC content:	Not available
Density:	8.56 lb/gal
Bulk density:	Not applicable

Section 10 Stability and Reactivity

Stability: Stable under normal conditions.

Conditions to Avoid: Do not allow to freeze.

Hazardous Polymerization: Hazardous polymerization will not occur.

Incompatibility With Other Materials: No data available

Hazardous Decomposition: Burning or thermal decomposition after evaporation of water may create carbon oxides, unburned hydrocarbons, or other toxic fumes.

Section 11 Toxicological Information

Acute Eye and Skin Toxicity Data: Not available

Information on Potential Routes of Exposure:

Eyes: Avoid contact with eyes. Causes eye irritation, discomfort, redness, or tearing, by direct product contact, mists, or vapors.

Skin: Avoid contact with skin. Causes skin irritation, edema, drying, and cracking of the skin.

Inhalation: Not classified for acute toxicity based on available data.

Ingestion: May cause gastrointestinal irritation such as nausea, vomiting, diarrhea, and cramping.

Target Organ Effects: Not available

Teratology: Not available

Mutagenicity: Not available

Reproduction: Not available

Chronic Toxicity: This product does not contain substances that are considered by OSHA, NTP, IARC, or ACGIH to be “probable” or “suspected” human carcinogens.

Section 12 Ecological Information

Chemical Fate Information: Not available

Ecotoxicity: Not available

Persistence/Degradability: Not available

Bioaccumulative Potential: Not available

Section 13 Disposal Considerations

Waste Disposal: Chemical additions, processing, or otherwise altering this material may make the waste management information presented in this SDS incomplete, inaccurate, or otherwise inappropriate. Dispose of waste material according to local, state, and federal regulations.

Container Disposal Method: Emptied container may contain product residue and should not be reused.

Section 14 Transport Information

Department of Transportation (DOT): Not regulated

International Air Transport Association (IATA): Not regulated

Section 15 Regulatory Information

Federal Regulatory Status:

Status under OSHA Hazard Communication Standard, 29 CFR 1910.1200: This product is considered a “hazardous chemical” under this regulation and should be included in the employer’s hazard communication program.

Reportable Quantities under CERCLA and EPCRA, 40 CFR 302 and 355: The product does not contain component(s) regulated under this section.

Clean Water Act Reporting 40 CFR 117 Section 311: The product does not contain component(s) regulated under this section.

Clean Air Act Reporting: The product does not contain component(s) regulated under this section.

Applicability of EPCRA Toxic Chemical Release Inventory (TRI) Reporting, 40 CFR 372: Not applicable

Status under the Toxic Substances Control Act, 40 CFR 710: All chemicals comprising this product are either exempt or listed on the TSCA Inventory.

Drug Enforcement Administration (DEA): This product is not regulated under 21 CFR 1310.02(b) and 1310.04(f)(2) or 21 CFR 1310.12.

SARA Title III Hazard Classes:	Acute Health Hazard:	Yes
	Chronic Health Hazard:	No
	Fire Hazard:	No
	Reactive Hazard:	No
	Release of Pressure:	No

State Regulations:

California: This product does not contain components that are regulated under California Proposition 65.

Massachusetts: This product does not contain components that are regulated under the Massachusetts Substance List (MSL).

New Jersey: This product does not contain components that are regulated under the New Jersey Right to Know Hazardous Substance List.

Pennsylvania: This product does not contain components that are regulated under the Pennsylvania Hazardous Substance List.

International Regulations:

Canadian Regulations:

Workplace Hazard Materials Information System (WHMIS): This product was classified in accordance with the hazard criteria of the Canadian Controlled Products Regulations, and the SDS contains all the information required by these regulations.

DSL/NDSL (Canadian) Listing: All ingredients in this product are listed on the Domestic Substance List (DSL) or the Non-Domestic Substance List (NDSL), or are exempt from listing.

Section 16 Other Information

National Fire Protection Association (NFPA) Ratings:

Health: 1

Flammability: 0

Reactivity: 0

PM for Bleach

Safety Data Sheet

Hazardous Material Information System (HMIS):	Health	1
	Flammability	0
	Physical Hazard	0
	Personal Protection	B

NFPA/HMIS Definitions: 0-Least, 1-Slight, 2-Moderate, 3-High, 4-Extreme

Protective Equipment: H (Safety glasses and gloves)

Disclaimer: The information contained in this document is given in good faith and based on Delux Cleaning Supply Inc. dba current knowledge. This information is not a substitute for necessary prior tests, which alone can ensure that a product is suitable for a given use. Users are responsible for ensuring compliance with local legislation and for obtaining the necessary certifications and authorizations.
